

AIM ROBOTICS

DISPENSING MADE SIMPLE

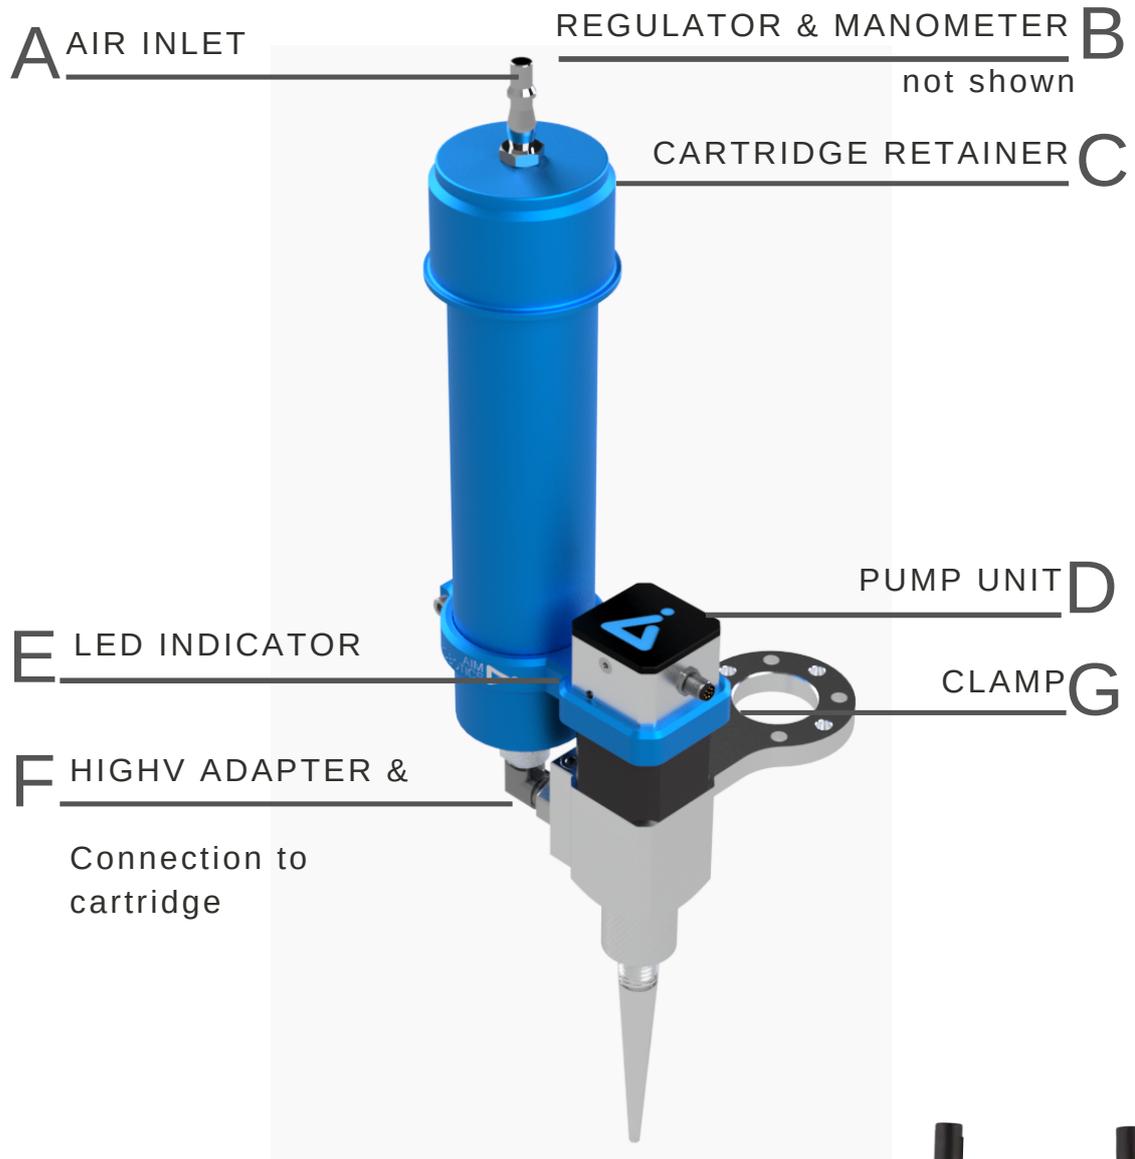

FD310

TO USE WITH 310ML CARTRIDGES

DATA SHEET

WHAT'S IN THE BOX

USB WITH URCAP

8PIN LEAD

3 X NOZZLES

6xM6 SCREW

1x ORIENTATION PIN

TECHNICAL DATA

FD310 FEATURES

- Use with external air supply (3-5 bar) for feeding
- Use with 310m cartridges
- Recommended for single-component medium viscosity fluids (approximate 150.000-10.000.000cps)

Model # FD310
URCap version ≥ 3.2

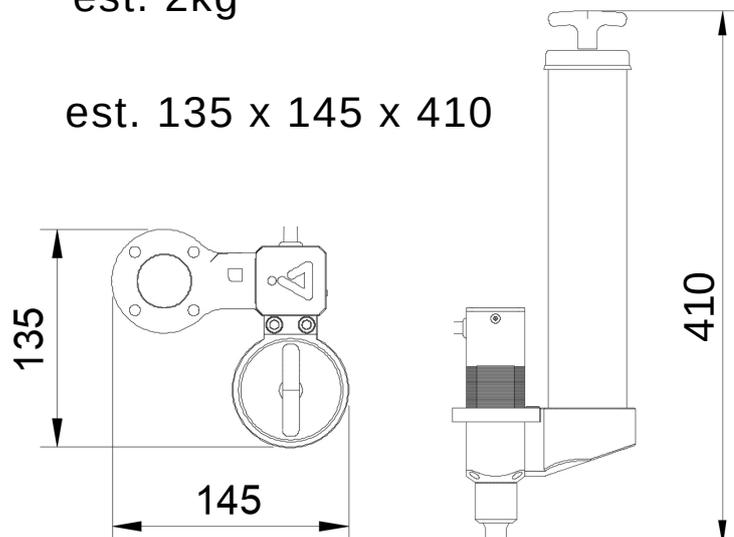

Mechanical interface: ISO 9409-1, type 50-4-M6

Electrical interface: 8-pole M8

Digital interfaces: URCap, PolyScope ≥ 5.5
URCap, API ≥ 1.8
RS485
24V I/O

Weight (without cartridge): est. 2kg

Dimensions (mm): est. 135 x 145 x 410

Easy installation and Setup

- Up and running in 10 minutes
- Specially designed software

Fully integrated with Universal Robots

- Single connection point utilising the M8 8pin connector
